GNOME KNOW YOUR NEIGHBOURHOOD

Hi Neighbourhood Kids,

My name is:
and I live at:
(pop your street name and suburb here)

I love playing outside, exploring my suburb and going on scavenger hunts!

These school holidays would you like to join me in creating a Gnome Hunt in our suburb?

To join in, you need to create a Gnome Village in your window or front garden for other kids to spot from the street. If you go to bluearth.org/gnomeyourneighbourhood there's a Colour-Cut-Create print out to use. Or you may like to create your own design.

I hope you explore my street and spot my Gnome Village. You can also invite other friends to join in too.

Let's have some fun!

MEET & MOVE
